district's electric business on August 1, 1990. As clarified by the committee amendment (H-250) the bill permits the district to hold all money received from the sale of the property formerly used to provide electric service.

**LD 1330**      **An Act Regarding the Regulation of Customer Premise Wire and Interexchange Carrier Selection**      **PUBLIC 318**

SPONSOR(S)	COMMITTEE REPORT	AMENDMENTS ADOPTED
VOSE CLARK H	OTP-AM	S-184

**SUMMARY**

This bill proposed statutorily to deregulate the installation, repair and maintenance of telephone "inside wiring" (that portion of the telephone wiring on the customer's premises) and to exempt from Public Utilities Commission rate regulation any investment, expenses, revenues or earnings derived by the utility from inside wire work.

The committee amendment (S-184) instead authorizes the Public Utilities Commission to adopt rules to deregulate inside wiring ("customer premise wiring") services when it finds competition exists between providers of those services. The amendment retains the commission's authority over the ratemaking treatment of expenses and revenues associated with customer premise services offered by utilities.

The committee amendment also prohibits "slamming": A local exchange carrier must have written authorization from the customer before changing, at the request of an interexchange carrier, the customer's interexchange carrier.

**LD 1358**      **An Act to Grant Enforcement Powers to Sewer Districts**      **PUBLIC 213**

SPONSOR(S)	COMMITTEE REPORT	AMENDMENTS ADOPTED
HOLLOWAY HEINO	OTP-AM	S-129

**SUMMARY**

This bill proposed to grant to sewer districts the broad powers of enforcement that are granted to municipal officials under Maine Revised Statutes Title 30-A, section 4452.

The committee amendment (S-129) narrowed the proposed scope of enforcement powers and granted these powers to both sewer and sanitary districts. The grant of enforcement authority is the minimum required for publicly owned treatment works under the federal Water Pollution Control Act and implementing regulations. Under the bill as amended, sanitary and sewer districts are authorized to seek injunctive relief from and a \$1,000 a day penalty against industrial users who violate pretreatment standards administered by the district. This provision supersedes inconsistent provisions in a sewer district charter.
