SUMMARY

This bill would have increased a tenant's options when a landlord fails to correct a dangerous condition in the rental unit. Under current law, a tenant may give a landlord notice of the condition, and if the landlord fails to correct the condition within 14 days, the tenant may have the repairs performed and deduct the amount of the work from rent, to a maximum of \$100 or 1/2 the monthly rent, whichever is greater. This bill would have increased the \$100 to \$1,000, expanded the types of conditions that give the tenant a right to "repair and deduct" and permitted the tenant to vacate the rental unit without penalty if the landlord fails to repair the condition after a 2nd 14-day notice.

SUMMARY

This bill reduces the number of rooms a hotel must have to qualify for a liquor license.

Committee Amendment "A" (S-268) divides municipalities into 2 categories based on population, instead of 3 categories as provided in current law and the bill. The amendment requires the same number of rooms as current law for municipalities under 3,000 population and over 7,500 population, but reduces the number of rooms required for municipalities with population between 3,000 and 7,500. The amendment also provides that population is determined by reference to the 1960 federal census, unless the municipality has experienced a substantial drop in population since 1960. In that event, the population figures are taken from the most recent federal decennial census.
