H-1079

SUMMARY

In its original form, this bill corrected allocation errors in 2 marine resources laws enacted during the First Regular Session of the 115th Legislature.

Committee amendment "A" (H-1079) added provisions to the bill that increase the maximum permitted fee for municipal shellfish licenses, repeals the minimum quahog size, reenacts language pertaining to the embargo authority of the Maine Sardine Council and makes technical reference corrections to existing law. The amendment also amends Resolves 1991, chapter 39, in a manner that limits the duration of the authority granted to the Department of Marine Resources to convey certain properties to the Bigelow Laboratory for Ocean Sciences.
