COMMITTEE REPORT

AMENDMENTS ADOPTED

S-603

SUMMARY

The purpose of this bill is to broaden the existing immunity provisions applying to persons or organizations donating food to charitable or nonprofit organizations for free distribution.

Committee Amendment "A" (S-603): The amendment replaces the bill and provides broader immunity for a narrower group of food donors than that provided in the bill. Immunity would exist for all conduct other than intentional misconduct. Only hospitals, health care facilities, restaurants and other eating establishments that are licensed by the State are eligible to receive this immunity, and the immunity only applies if the donor donates in accordance with guidelines established by the recipient organization. If there are no guidelines, or the donation does not meet the guidelines, the donor may receive the more limited immunity provided by current law.

The amendment makes the changes effective immediately.
