This document is a compilation of the bill summaries prepared by this office for the Joint Standing Committees and Joint Select Committees of the Maine Legislature. The volume is organized alphabetically by committee; within each committee, the summaries are arranged by LD number. A subject index is provided at the beginning of each committee's summaries.

All adopted amendments are listed, by paper number (e.g., H-584 or S-222), together with the sponsor for floor amendments. Final action on each bill is listed to the far right of the title. Various types of final action are abbreviated as follows:

These summaries were prepared by the analyst or analysts assigned to the committee. But, this document was produced by the efforts of all the office staff, including secretaries: Charlene Raymond and Valarie Parlin, especially Laurette Knox who coordinated preparation of the overall document.

If you have any suggestions or comments on these summaries, please let us know.

9. Require a political action committee organized to oppose a question to report expenditures from the time that the question is completed by the Secretary of State and declared satisfactory for distribution for signatures;
10. Require new candidates or nominees chosen to fill a vacancy to file finance reports; and
11. Provide that political action committees organized outside the State that make contributions or expenditures in the aggregate of \$50 or more on any one or more campaigns for the office of Governor, for a state or county office or for the support or defeat of a question are subject to the registration and reporting requirements governing political action committees in Maine.

Committee Amendment "A" (H-1131) removes bumper stickers and lawn signs from the list of communications that are exempt from the disclosure requirement, and clarifies that the corporate reporting requirements apply to for-profit and non-profit corporations, such as incorporated labor unions. The amendment also clarifies that candidates must either file a report indicating that they will carry forward any campaign surpluses to the next campaign or dispose of them by one of the methods provided in law. The amendment locates the party committee reporting requirement in a more appropriate place in the statutes, specifies that the changes regarding treasurers of campaigns are not effective until January 1, 1993, and makes the remainder of the changes in the bill effective immediately.

House Amendment "A" (H-1141) specifies the method of finance reporting for political action committees organized outside Maine. These committees must file copies of the reports that they file in the states in which they are organized or based, on the same schedule required by the states in which these committees are organized.

Senate Amendment "E" to Committee Amendment "A" (S-717) specifies a 4th category of persons and organizations that would be included in the definition of "political action committee" under the campaign finance reporting laws. This 4th category includes persons and organizations that solicit money and use all or part of that money to make contributions to influence campaigns and referendums, regardless of whether the organization formally organizes as a political action committee or solicits funds exclusively for political activity. The organization would not be considered a political action committee if it spends less than \$1,500 in a calendar year on campaigns and referenda. The amendment also requires all political action committees to report operational expenses.

The amendment requires candidates, political committees and political action committees to report receipt of contributions of in-kind printed materials to be used in support of a candidate or in the support or defeat of a cause, and to report as an expenditure any use or distribution of in-kind printed materials donated to that candidate, political committee or political action committee. The amendment requires that these printed materials disclose the name of the candidate, political committee or political action committee as the authorizing agent.

Finally, the amendment makes certain of the changes in the bill effective retroactively to cover activity in the 1992 election year and corrects the application and effective date sections to reflect changes in the section numbering in the bill.

**SUMMARY**

LD 2365 repeals statutory language authorizing the State Lottery Director to enter into an agreement for

Maine to participate in Lotto\*America. The bill also re-enacts language, which was repealed under a sunset provision, allowing the Chief of the State Police to issue one special license per year to certain organizations to perform a raffle with a prize worth more than \$10,000 but less than \$75,000.

Committee Amendment "A" (H-1056) delays the effective date of the provisions repealing authority for Lotto\*America until June 30, 1992 and adds a fiscal note.

Senate Amendment "A" to Committee Amendment "A" (S-620) replaces the Committee Amendment. It delays the effective date of the repeal of authority for Lotto\*America until June 30, 1992 and permits beano licensees, until July 1, 1994, to play any type of "beano" that meets the statutory definition, regardless of whether that type is described in rules adopted by the Chief of State Police.

**SUMMARY**

Current law provides immunity from civil or criminal liability to certain medical personnel who notify a law enforcement officer that they suspect a person of operating a motor vehicle while under the influence of liquor or drugs and abrogates the physician-patient privilege and certain statutory confidentiality provisions to permit this reporting. The bill extends these provisions to reporting of intoxicated operators of snowmobiles, all-terrain vehicles and watercraft.
