**SUMMARY**

This resolve charges the Department of Education, the Department of Labor, local school administrative units, the Maine Technical College System and the State Board of Education with developing a draft model and pilot sites to establish the Maine Youth Apprenticeship Program and report back on or before November 30, 1992 to the Governor and joint legislative committee having jurisdiction over education matters.

House Amendment "A" (H-1301) adds a fiscal not to the resolve clarifying that the costs associated with developing a draft model and pilot sites to establish the Maine Youth Apprenticeship Program can be absorbed within existing budgeted resources of the Department of Education, the Department of Labor and the Maine Technical College System. It is expected that costs to establish the initial pilot programs will be borne by outside funding sources such as federal and private foundation grants.
