AMENDMENTS ADOPTED
H-262
S-357 PEARSON

SUMMARY

The bill enacts the Missing Children Act modelled after Florida law, which is based upon federal law enacted in 1982. The bill requires a law enforcement agency to respond immediately to notification that a child is missing by informing all on-duty law enforcement officers and other law enforcement agencies in the area. The bill establishes a Missing Children Information Clearinghouse within the Department of Public Safety that, among other duties, will interface with the National Crime Information Center concerning missing children.

Committee Amendment "A" (H-262) adds an appropriation, an allocation and a fiscal note.

Senate Amendment "A" to Committee Amendment "A" (S-167) replaces the appropriation and allocation sections to reflect federal funding received through a federal grant. Not adopted.

Senate Amendment "B" to Committee Amendment "A" (S-357) adds a mandate preamble and replaces the allocation and appropriation sections with a section allocating the necessary funds from the federal grant the State will receive to participate in the Missing Children Information Clearinghouse.

House Amendment "A" to Committee Amendment "A" (H-431) adds a mandate preamble, corrects the fiscal note and replaces the appropriation and allocation sections. Not adopted.

LD 546 An Act Relating to the Theft of Utility Services

COMMITTEE REPORT
OTP-AM

AMENDMENTS ADOPTED
H-158

SUMMARY

The bill clarifies the intent of the theft of utility services law requiring utilities to allow new customers one billing cycle before the presumption of diversion can apply.

Committee Amendment "A" (H-158) replaces the bill. It repeals the separate theft of utility services crime, and adds specific language to the more broad theft of services statute. The new language includes a permissible inference regarding diversion of utility services.
