This bill proposed to allow municipalities to enact ordinances that allow persons operating snowmobiles to access places of business by traveling along a public way or operating within 200 feet of a dwelling, hospital, nursing home, convalescent home or church.

The committee amendment (H-200) replaces the bill. Under this amendment municipal officials, county commissioners and the Department of Transportation, within their respective jurisdictions, are granted the authority to establish snowmobile-access routes within the built-up portions of any town or township for the purpose of allowing snowmobiles to access places of business. Local law enforcement officials are given primary enforcement responsibility under this provision.
