**ONE HUNDRED AND SIXTEENTH LEGISLATURE
FIRST REGULAR SESSION**

**JOINT STANDING COMMITTEE
BILL SUMMARIES**

JULY 1993

This document is a compilation of the bill summaries prepared by this office for the Joint Standing Committees and Joint Select Committees of the Maine Legislature. The volume is organized alphabetically by committee; within each committee, the summaries are arranged by LD number. A subject index is provided at the beginning of each committee's summaries.

The committee report or reports, the prime sponsor for each bill and the lead co-sponsor in each house if one has been designated are listed below each bill title. All adopted amendments are listed, by paper number (e.g., H-584 or S-222), together with the sponsor for floor amendments. Final action on each bill is listed to the right of the title. Various types of final action are abbreviated as follows:

clinicians with similar training, allowing some to be insurance reimbursable and leaving others without this ability. This bill recognizes for 3rd-party reimbursement for all mental health professionals who have at least a masters degree in counseling, are licensed by the State and have been practicing for at least 2 years.

LD 1088 **An Act Repealing Advisory Boards on Business Legislation Matters**

ONTP

SPONSOR(S)

COMMITTEE REPORT
ONTP

AMENDMENTS ADOPTED

SUMMARY

This bill repeals the Petroleum Advisory Committee.

This bill is an outgrowth of the activities of the Restructuring Committee last year. That committee recommended that a bill be put in that would sunset all advisory boards. The only advisory board under the jurisdiction of the Business Legislation Committee is the Petroleum Advisory Committee. That committee was formed to assist and advise the Attorney General in conjunction with a LD 2148, PL 1991 c. 836 last year which sought to regulate refiner ownership of retail gasoline stations.

The original version of the bill setting up the Petroleum Advisory Committee, LD 2148, required wholesalers and retailers of heating oil and fuel oil to report gallonage information to the Attorney General and to pay a fee of 35¢ for each 10,000 gallons sold. According to the Statement of Fact, the Attorney General was to use this information to determine whether additional legislation is needed to limit or curtail the activity of refiners in operating retail outlets. This bill was the latest in a series of such proposals extending back at least to the mid 70's.

The bill establishing this Committee was amended in committee to prohibit a refiner from securing control of additional gasoline stations within 2 miles of one of its existing outlets unless the Attorney General decided that such an acquisition would not decrease competition and to set up a Petroleum Advisory Committee to assist the Attorney General in formulating the recommendations to the Legislature as to the need for additional legislation to curtail refiners and to advise him on reducing the burden of the reporting requirements on retailers. It was further amended on the floor to require reporting only by suppliers and to prohibit unfair competitive or trade practices, with those terms to be defined by the Attorney General.

LD 1102 **An Act Related to Suppliers of Compressed Air for Breathing**

COMMITTEE REPORT
OTP-AM

AMENDMENTS ADOPTED
H-466

SUMMARY

State law currently requires suppliers of compressed air for breathing to be licensed. By rule, these suppliers are required to have their equipment checked yearly by the Department of Human Services.

This bill requires a yearly inspection by a private testing company as a qualification for yearly licensing.

Committee Amendment "A" (H-466) requires that the testing company report the results of unsatisfactory tests to the department and that, in the case of compressed air exceeding the permissible level of contaminant, the supplier be required to shut down until this defect is corrected.
