#### SUMMARY

This bill requires insurers who propose to transfer insurance contracts to fully disclose to the policy owners the reasons for and the terms and consequences of the proposed transfer. The bill requires the transferring company to obtain a policy owner's written consent before it may transfer any contract. It prohibits discrimination against policy owners who refuse to consent to a transfer. The bill prohibits discrimination against policy owners who refuse to consent to a transfer. Violations of these provisions constitute unfair trade acts under the Maine Insurance Code and, in addition, insurers remain liable on contracts transferred without full compliance.

#### **SUMMARY**

This bill divides the self-insurance fund administered by the risk management division within the Department of Administrative and Financial Services, Bureau of General Services into 2 funds. One fund would be for state property and one, designated in this bill as the "state-administered fund," would be for nonstate entities. Recovery against the state-administered fund is limited by contract provision and is limited to the assets of the fund as a maximum. The state-administered fund must be actuarially sound and may purchase excess insurance. The assets may be used only for insurance purposes. Provision of insurance through the state-administered fund does not expand tort liability beyond the limits of the Maine Tort Claims Act, Maine Revised Statutes, Title 14, chapter 741.

This bill includes the provision of insurance advice and services for group homes for children and persons with mental retardation and specialized children's homes in the insurance responsibilities of the risk management division.

The bill makes several technical changes to the risk management laws to separate provisions that would apply to the self-insurance fund and those that would apply to the state-administered fund. In performing the functions of both funds, the Commissioner of Administrative and Financial Services and the Director of the Bureau of General Services are not subject to insurance regulations under Title 24-A.
