- 7. Prohibits encouraging optometry services to be promoted as part of a commercial establishment §2434, sub-§4 X
- 8. Prohibits employment by unlicensed persons §2434, sub-§4, §2435 X

This bill is similar to LD 1866 of 2 years ago, except that the latter also removed the prohibition against fee splitting. The bill also enacts a provision authorizing contracts for the practice of optometry in or near the premises of an optical shop or commercial establishment.

**LD 1161 An Act to Regulate the Practice of Cosmetology and Barbering Outside of Licensed Shops ONTP**

**SPONSOR(S)** PENDLETON  
**COMMITTEE REPORT** ONTP  
**AMENDMENTS ADOPTED**

**SUMMARY**

This bill requires that barbers, cosmetologists, aestheticians and manicurists limit their practices to services performed in licensed establishments, except in emergency circumstances. The bill also establishes a dual licensing system by which only a person who practices in a licensed shop is entitled to an active license. Once leaving a licensed establishment, the licensee must surrender the active license and may request an inactive license. The Board of Barbering and Cosmetology is to revoke the active license of a person who fails to surrender that license within 30 days after the person ceases to maintain or be employed in a licensed establishment. The board is given rule-making authority to implement and govern the dual licensing system.

**LD 1185 An Act to Increase Access to Primary Care by Redefining the Practice of Advanced Nursing CARRIED OVER**

**SPONSOR(S)** MCCORMICK  
**COMMITTEE REPORT**  
**AMENDMENTS ADOPTED**

**SUMMARY**

Currently, professional nursing is defined, among other things, as:

1. Diagnosis and treatment by executing the medical regimen as prescribed by a physician or someone operating under the delegated authority of a physician. Diagnosis is defined as being distinct from medical diagnosis and treatment means those measures essential to the nursing regimen which, is not defined.
2. Medical diagnosis or prescription of therapeutic measures when these services are delegated by a physician.

This bill does the following:

1. States that professional nursing can include execution of a medical regimen prescribed by a nurse in advanced practice.

- 2. Eliminates the provision for diagnosis and prescription when delegated by a physician.
- 3. Creates (for the first time) the category of advanced professional nursing. It is defined as the practice of professional nursing within the scope of advanced professional nursing as defined by the board. It includes (but is not limited to):
  - A. Diagnosis, treatment or correction of common health problems.
  - B. Collaboration with other health professionals.

**LD 1221      An Act Concerning Certain Counseling Services      ONTP**

<b>SPONSOR(S)</b> GEAN	<b>COMMITTEE REPORT</b> ONTP	<b>AMENDMENTS ADOPTED</b>
---------------------------	---------------------------------	---------------------------

**SUMMARY**

This bill applies to substance abuse counselors, licensed social workers, counseling professionals and psychologists, and requires them to provide at least 50 hours of service annually on a pro bono basis in order to renew their licenses and to provide services for private clients on a sliding scale of fees based on a client's income.

This bill provides that a licensee may not withhold information from another counselor or state agency on a client that is on probation, regardless of whether the counselor's services have been paid for.

**LD 1232      An Act Regarding Reciprocity of Licensing Barbers and Cosmetologists      PUBLIC 287**

<b>SPONSOR(S)</b> PARADIS J YOUNG	<b>COMMITTEE REPORT</b> OTP-AM	<b>AMENDMENTS ADOPTED</b> S-178 S-187    CIANCHETTE
---	-----------------------------------	---

**SUMMARY**

This bill requires that Maine grant a license to a licensed barber or cosmetologist from another jurisdiction whose standards are as high as or higher than those in Maine regardless of whether that jurisdiction grants licenses to Maine licensees.

Committee Amendment "A" (S-178) adds a fiscal note to the bill.

Senate Amendment "A" (S-187) states that the reciprocity is to be extended to anyone who is authorized to practice, whether licensed, certified or registered, in another state, but it continues the provision that the standards of the other state must be as high as those in Maine.
