SUMMARY

This resolve names the bridge spanning the Aroostook River on Route 1 in Presque Isle the "Harold N. Flagg Memorial Bridge."

Harold N. Flagg was a highly respected and dedicated employee of the Department of Transportation for 34 years and was the supervising engineer for this bridge. His effort and professionalism were instrumental in the success of the bridge construction program throughout our State.

The committee amendment (H-236) adds a fiscal note to the bill.

COMMITTEE REPORT

AMENDMENTS ADOPTED
H-235

SUMMARY

This bill eliminates the requirement for a notice and public hearing for the Railroad Highway Grade Crossing Improvement Program under the federal program. The Railroad Highway Grade Crossing Improvement Program pertains to crossings that are under public control. As part of the Railroad Highway Grade Crossing Improvement Program, agreements must be signed by the State, the railroad and the municipality before the safety improvements may begin. If the hearings are not required, approximately \$1,800 per hearing is saved. Public hearings would still be conducted for railroad crossing safety actions asked for by citizen or town petition.
