SUMMARY

The bill requires all child support orders issued by a court in this State to include an order for immediate income withholding unless the court finds good cause or approves an alternative arrangement. Federal law requires compliance with this requirement.

Committee Amendment "A" makes all 3 sections on child support court orders in the Maine Revised Statutes, Title 19, the same regarding responsible parents providing the Department of Human Services with specific information if the department collects child support for the custodial parent. It corrects language concerning civil violations and the appropriate forfeiture to be adjudged. It deletes a reference to the state limit on withholding income as applied to child support orders covered by the bill. The federal limit on withholding applies. It also makes a technical change in the wording regarding rulemaking and adds a fiscal note to the bill.

Senate Amendment "A" to Committee Amendment "A" (S-363) replaces the appropriation section with an appropriation section and an allocation section.

SUMMARY

The purpose of this bill is to enable the Department of Human Services to establish child support obligations more efficiently. The bill makes significant changes to the existing hearings statutes while intending to retain the elements of fundamental fairness now present. The bill creates a new section, taking the place of two existing sections, to create a unified process for establishing child support obligations at administrative hearings and thus simplifies the establishment of debts when debts are owed to both the Department of Human Services and a custodial parent. The bill also provides that a responsible parent or the department may request a hearing to amend an administrative decision based on a substantial change of circumstances. The bill creates an alternative process for establishing support obligation administratively. The bill further amends existing law to authorize the department to issue an initial notice informing the responsible parent of the intention to establish a support obligation and
