2. The amendment eliminates the Comprehensive Health Planner II position in the Department of Mental Health and Mental Retardation and deappropriates All Other funds in the Office of Substance Abuse in an amount that reflects the total deappropriation for the Office of Substance Abuse recommended in the Governor's budget for fiscal year 1994-95. The Office of Substance Abuse is directed to recommend reallocation of the All Other cut if it finds administrative savings as substance abuse services are consolidated in the office.
3. Language is added to the bill to clarify that the Office of Substance Abuse continues current education efforts when the Department of Education program is transferred to the office. Also, transitional language is added to clarify that the current incumbents retain their positions, along with their accrued rights, benefits and privileges.

Amendment H-631 clarifies how appointments are made to the Substance Abuse Services Commission and corrects an internal cross-reference in the bill.

Amendment S-316 further specifies the rights, benefits and privileges that are retained by employees transferred under the bill.

Amendment S-324 requires that the Office of Substance Abuse allocate a percentage of funds for prevention programs in FY 1994 and 1995 that is at least the same as the percentage allocated in FY 93. It also requires the Office of Substance Abuse and the Department of Education to enter into an agreement regarding continuation of school-based prevention programs.

This bill did not pass, but all of its provisions, as amended by H-563, H-631, S-316 and S-324 were enacted as part of the biennial budget bill. See P.L. 1993, c. 410, Part LL.
