S-251

**SUMMARY**

The bill would have authorized the Maine Court Facilities Authority to draw down an additional \$7,000,000 to be used to fund the cost of constructing new facilities to replace substandard courthouses in Biddeford, Skowhegan and at other locations designated by the Maine Court Facilities Authority. In addition to renovations that are necessary to address safety and overcrowding problems, the cost of modifying existing facilities to meet mandated requirements of the federal Americans with Disabilities Act is cost-prohibitive.

Committee Amendment "A" (S-251) added a fiscal note.

**COMMITTEE REPORT**

**AMENDMENTS ADOPTED**

**SUMMARY**

This bill reestablishes the Marijuana Therapeutic Research Program, administered by the Commissioner of Human Services, which was repealed December 31, 1987. The Board of Registration in Medicine must review any patient wishing to participate in the program. Participation is limited to chemotherapy or radiation therapy and glaucoma patients who are not responding to conventional treatment or who are suffering severe side effects, and any other patient when medical evidence presented to the board justifies that participation. If the board approves a patient, the patient's physician may write a prescription that can be filled at a state or privately operated licensed pharmacy designated by the board. The commissioner may obtain analyzed marijuana available from the Federal Government and deliver it to the pharmacy for dispensing to any approved patient with a written prescription from the patient's physician. The commissioner and the board are required to make an annual report to the Governor and the Legislature, enabling both the legislative branch and executive branch to monitor the program closely. This bill also defines side effects of chemotherapy or radiation therapy as "significant nausea or vomiting." The bill also repeals the provisions related to glaucoma patients on October 1, 1996.
