**ONE HUNDRED AND SIXTEENTH LEGISLATURE
SECOND REGULAR SESSION**

**JOINT STANDING COMMITTEE
BILL SUMMARIES**

MAY 1994

This document is a compilation of the bill summaries prepared by this office for the Joint Standing Committees and Joint Select Committees of the Maine Legislature. The volume is organized alphabetically by committee; within each committee, the summaries are arranged by LD number. A subject index is provided at the beginning of each committee's summaries.

The committee report or reports, the prime sponsor for each bill and the lead co-sponsor in each house if one has been designated are listed below each bill title. All adopted amendments are listed, by paper number, together with the sponsor for floor amendments. Final action on each bill is listed to the right of the title. Various types of final action are abbreviated as follows:

3. Strikes section 2 of the bill that proposed to change the district's charter provision regarding liens for nonpayment of rates. Under this amendment, the existing charter provision remains in effect;
4. Amends the referendum clause to reflect amendments made to the rest of the bill and provides that the Town of Boothbay Harbor, not the district, holds the referendum in accordance with state law regarding municipal elections. A special provision is inserted regarding the preparation of absentee ballots in order to reduce delay in putting the Act to a vote; and
5. Adds a fiscal note to the bill.

COMMITTEE REPORT

AMENDMENTS ADOPTED
H-862

SUMMARY

At present, rates filed with the Public Utilities Commission are subject to suspension by the commission pending the commission's investigation of the rate. This bill proposed to preclude the suspension of a rate filed by an electric utility when the rate constituted a reduction from a rate otherwise available to a utility customer for similar services. The commission would have been permitted to require the utility to modify or discontinue the rate if the commission found, after investigation, that the rate did not result in rates lower for all customer classes than otherwise available.

The bill proposed to permit the use of this same procedure for any contract of a definite term entered into between an electric utility and a customer if the contract varied the rates for electric service otherwise available for service of a similar character. Under current law, the commission must approve this type of contract before it becomes effective.

COMMITTEE AMENDMENT "A" (H-862) replaces the bill. Under this amendment, the Public Utilities Commission is authorized to permit an electric utility to implement a program that allows the utility to change its rate schedules with limited notice to the commission and allows the utility to enter into contracts for the sale of electricity, transmission and distribution services and related management services with limited or no prior express approval by the commission. The commission is required to approve these programs in adjudicatory proceedings that may not take longer than 9 months. All programs must be consistent with Maine's energy policy as articulated in 35-A MRSA §3191. As part of a program, the commission may waive the so-called fuel clause provisions of state law. This amendment also adds a fiscal note to the bill.
