**JOINT STANDING COMMITTEE
BILL SUMMARIES**

MAY 1994

This document is a compilation of the bill summaries prepared by this office for the Joint Standing Committees and Joint Select Committees of the Maine Legislature. The volume is organized alphabetically by committee; within each committee, the summaries are arranged by LD number. A subject index is provided at the beginning of each committee's summaries.

The committee report or reports, the prime sponsor for each bill and the lead co-sponsor in each house if one has been designated are listed below each bill title. All adopted amendments are listed, by paper number, together with the sponsor for floor amendments. Final action on each bill is listed to the right of the title. Various types of final action are abbreviated as follows:

H-803**SUMMARY**

This bill establishes a task force to propose policies and practices for the expansion of the regional mental health board system to all 5 regions of the State. Currently, only Region V (York and Cumberland Counties) have a regional mental health board.

COMMITTEE AMENDMENT A (H-803) replaces the original bill. The original bill took preliminary steps toward the establishment of regional mental health boards in every region of the State. The amendment addresses the evaluation of the current mental health board demonstration in Region V but does not presuppose that the demonstration will be expanded statewide. The amendment also does the following:

Because the department has not been able to establish a demonstration in Region I as required in Public Law 1991, chapter 781, that requirement is deleted and the department is given discretion to establish a demonstration in any rural region;

Public Law 1991, chapter 781 limited the demonstration to adult mental health services. That limitation is removed to enable consideration of adding children's mental health and developmental disability services to the demonstration;

As in the original bill, the reporting date for the demonstration project is extended one year to January, 1995. In addition, the amendment requires the Commissioner of Mental Health and Mental Retardation to appoint a task force and makes the task force responsible for the report, rather than placing that responsibility directly on the commissioner. Also, the topics to be addressed in the report are expanded to include estimates of central bureaucracy savings to be derived by implementation of local boards; the relationship between the boards and providers; the relationship between boards and the Department of Mental Health and Mental Retardation; and the role of boards in children's services;

Under Public Law 1991, chapter 781, authority for the demonstration project sunsets on October 1, 1994. That sunset date is changed to October 1, 1995; and

A fiscal note is added to the bill.

H-750**SUMMARY**

This bill requires the Division of Mental Retardation to ensure that mental retardation programs funded or licensed by the bureau provide appropriate accommodations and services to persons who are deaf or hard of hearing. The bill also requires the deaf services coordinator in the Division of Mental Health to serve on a departmentwide basis.

COMMITTEE AMENDMENT A (H-750) makes the following changes to the original bill.

The bill's provisions to ensure access to services for persons with mental retardation who are deaf or hard-of-hearing are merged with existing law regarding access to services for persons with mental illness who are deaf or hard-of-hearing.
