SUMMARY

This bill establishes the Committee to Create Retirement Alternatives, composed of 7 members representing employers, employees and the public. The bill directs this committee to develop a comprehensive plan for changing the retirement benefits provided to certain state employees and teachers in accordance with the recommendations of the Committee to Study the Retirement System. The plan must include all necessary legislation, an actuarial analysis on the projected costs of the changes and a detailed proposal and timetable for educating employees on their options. The plan must be submitted to the Legislature by January 1, 1996.

COMMITTEE AMENDMENT "A" (H-867) increases the membership of the Committee to Create Retirement Alternatives from 7 to 11 and makes the public representative a nonvoting member. It provides that the 5 labor members have one vote, the 5 management members have one vote and 2 votes are required for action by the committee. The amendment also requires the committee to consider changes to the special plans to address any inequities that are identified. The amendment removes an unnecessary and potentially confusing sentence and adds a fiscal note.

HOUSE AMENDMENT "A" (H-972) changes the responsibility for convening the first committee meeting from the Executive Director of the Legislative Council to the Chair of the Legislative Council.

SENATE AMENDMENT "A" TO COMMITTEE AMENDMENT "A" (S-606) requires the Maine State Retirement System to provide actuarial services to the committee instead of allowing the committee to contract for these services and it authorizes an additional \$100,000 in the System's budget to pay for these services. The fiscal note indicates that this may increase future administrative charges included in the State's employer contribution rate.

SUMMARY

This bill removes the existing requirement that State Police officers reach the age of 55 before they may retire with full benefits, a requirement that applies to any State Police officer hired after August 31, 1984. The bill entitles those officers to retire after 25 years of service regardless of age.

COMMITTEE AMENDMENT "A" (H-891) replaces the original bill with a provision that allows State Police officers to elect to receive an unreduced retirement benefit before the age of 55 after 25 years of service if the officer pays the full actuarial cost of the benefit. The provision becomes effective July 1, 1995. State Police officers hired after that date must make their decision within 30 days of hire.
