### ONE HUNDRED SEVENTEENTH LEGISLATURE SECOND REGULAR SESSION

### Summary Of Legislation Before The Joint Standing Committees June 1996

We are pleased to provide this summary of bills that were considered by the 15 Joint Standing Committees of the Maine Legislature staffed by this office. The document is a compilation of bill summaries which describe each bill, committee amendments and other relevant amendments, as well as the final action taken on the bill. Also included are statistical summaries of bill activity this Session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills handled by the joint standing committees. It is organized alphabetically by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. LD 59 proposed to repeal the Sensible Transportation Policy Act, which requires the Department of Transportation, when making planning, capital investment and project decisions, to consider and comply with certain environmental and policy considerations and to establish a procedure for public participation.

Committee Amendment "A" (S-439) was the minority report. The amendment updated language in the original bill that was amended by Public Law 1995, chapter 341. **Committee Amendment "A" (H-684)** proposed use of the term "lane mile" to clarify the extent to which distribution would increase for roads with more than 2 lanes and changed the formula to calculate distribution on a lane-mile basis. It proposed that the change in distribution begin with payments due March 1, 1997.

#### Enacted law summary
