This document is a compilation of the bill summaries prepared by this office for the Joint Standing Committees of the Maine Legislature. The volume is organized alphabetically by committee; within each committee, the summaries are arranged by LD number. A subject index is provided at the beginning of each committee's summaries. The publication, History and Final Disposition of Legislative Documents, is helpful in determining to which committee any particular bill was referred.

In this document, the committee report or reports, the prime sponsor for each bill and the lead co-sponsor in each house if one has been designated are listed below each bill title. This bill would have allowed a customer the option of choosing to be billed on the basis of the customer's meter reading in lieu of being billed on the basis of the utility estimate. This bill would have required a utility to notify customers of this option on a quarterly basis during any period in which the utility proposes to use an estimated-usage billing procedure.

H-462

SUMMARY

Current law requires telephone utilities to keep listings of persons who do not wish to receive automated telephone solicitations. The bill repeals this requirement.

COMMITTEE AMENDMENT "A" (H-462), which was the majority report of the committee, preserves that portion of the bill which repeals the requirement that telephone utilities keep listings of persons who do not wish to receive automated telephone solicitations.

The amendment incorporates federal law regarding telephone solicitation and provides for the same remedies for violations of this state law as are currently provided for violations of the federal law. Under the amendment, a person or entity may not place a solicitation call to a residential telephone subscriber who has notified the person or entity that the subscriber does not want to receive solicitation calls from that person or entity. A subscriber can seek the specified remedies for a violation and the Attorney General can pursue those same remedies on behalf of consumers if the Attorney General believes a person or entity has engaged in a pattern or practice of violations.

The amendment amends the title of the bill and title of the chapter of law affected by the amendment, the Maine Revised Statutes, Title 10, chapter 225, to reflect the content of the amendment. The amendment also adds a fiscal note to the bill.
