This document is a compilation of the bill summaries prepared by this office for the Joint Standing Committees of the Maine Legislature. The volume is organized alphabetically by committee; within each committee, the summaries are arranged by LD number. A subject index is provided at the beginning of each committee's summaries. The publication, History and Final Disposition of Legislative Documents, is helpful in determining to which committee any particular bill was referred.

In this document, the committee report or reports, the prime sponsor for each bill and the lead co-sponsor in each house if one has been designated are listed below each bill title. SUMMARY

This bill proposed a special registration plate for vehicles used by sheriffs' offices. It specified that the plates were to be brown and bear numbers corresponding to the agency identification number of the county sheriff's office.

COMMITTEE AMENDMENT "A" (H-99) replaces the original bill. It allows the Secretary of State to determine the plate design in consultation with the Maine Sheriffs' Association. Each county is required to reimburse the Highway Fund for requested plates. This amendment also adds an allocation section and fiscal note.

AMENDMENTS ADOPTED

H-60

SUMMARY

This bill directs the Secretary of State to make available organ donor decals to be affixed to a driver's license to indicate a willingness to make an anatomical gift. Currently, a licensee can make a declaration of an anatomical gift and be issued a donor card and pouch to carry with a driver's license.

COMMITTEE AMENDMENT "A" (H-60) requires the Secretary of State to provide organ donor decals at no additional fee. The statement regarding willingness to make a gift is to be printed on the decal. It also allows the Secretary of State to continue to use decals already printed. The amendment also adds a fiscal note to the bill.
