This document is a compilation of the bill summaries prepared by this office for the Joint Standing Committees of the Maine Legislature. The volume is organized alphabetically by committee; within each committee, the summaries are arranged by LD number. A subject index is provided at the beginning of each committee's summaries. The publication, History and Final Disposition of Legislative Documents, is helpful in determining to which committee any particular bill was referred.

In this document, the committee report or reports, the prime sponsor for each bill and the lead co-sponsor in each house if one has been designated are listed below each bill title. All adopted amendments are listed, by paper number, together with the sponsor for floor amendments. Final action on each bill is listed to the right of the title. H-442

SUMMARY

This bill extends until June 30, 1996 the length of time employees of the retirement system have to decide whether to return to state service or to be treated as employees of the Maine State Retirement System as a public instrumentality.

COMMITTEE AMENDMENT "A" (H-442) replaces the bill. It clarifies the status and rights with respect to return to state service of employees of the Maine State Retirement System who were employed at the system on July 1, 1993 and who became "transferred employees" of the system under the legislation that established the system as a public instrumentality and participating local district. The amendment extends the time those employers have to decide whether to be treated as employees of the system as an independent agency or to return to state service. Those employees may exercise that option beginning July 1, 1995 and extending until 180 days after the first collective bargaining agreement is approved by the Legislature.

AMENDMENTS ADOPTED**SUMMARY**

This bill would have allowed employers of 10 or fewer employees to choose not to utilize the workers' compensation system and would have required those employers to maintain liability insurance, health care coverage and disability income coverage. It provided that employers who maintain coverage in this manner are still responsible for assessment under the Maine Revised Statutes, Title 24-A, section 2386-A, the fresh start provisions of workers' compensation insurance. This bill was modelled on the existing provision that applies to employees of small agricultural employers.
