The publication, History and Final Disposition of Legislative Documents, is helpful in determining to which committee any particular bill was referred.

Reports to the joint standing committee of the Legislature having jurisdiction over human resources matters and the Executive Director of the Legislative Council are due from all pilot projects by January 1, 1996.

There is an appropriation for fiscal year 1995-96 of \$556,842 and for fiscal year 1996-97 of \$953,731.

COMMITTEE AMENDMENT "A" (H-185) replaces the entire resolve. It adds a planning process for the Healthy Start Pilot Project as the first year activity. It funds the projects beginning in the 2nd year of the biennium. It deletes reference to Hawaii and the Hawaii Family Stress Checklist. It requires the Department of Human Services to meet with the pilot projects regularly, to oversee the projects and to develop an evaluation plan. It delays the interim report date until 1997 and calls for a complete report by January 1, 1999.

SENATE AMENDMENT "A" (S-375) amends the committee amendment, providing funding for the second half of fiscal year 1996-97 only.

COMMITTEE AMENDMENT "A" (H-155) directs the review of hospital licensing regulations to focus on regulations concerning completion of patient records and physical examinations upon admission of patients. It adds as a standard of review that the regulations are more closely aligned with the requirements of state and federal law. It requires the report to address any action taken as a result of the review.
