ONE HUNDRED AND SEVENTEENTH LEGISLATURE FIRST REGULAR SESSION

SUMMARY OF LEGISLATION BEFORE THE JOINT STANDING COMMITTEES

AUGUST 1995

This document is a compilation of the bill summaries prepared by this office for the Joint Standing Committees of the Maine Legislature. The volume is organized alphabetically by committee; within each committee, the summaries are arranged by LD number. A subject index is provided at the beginning of each committee's summaries. The publication, <u>History and Final Disposition of Legislative Documents</u>, is helpful in determining to which committee any particular bill was referred.

In this document, the committee report or reports, the prime sponsor for each bill and the lead co-sponsor in each house if one has been designated are listed below each bill title. All adopted amendments are listed, by paper number, together with the sponsor for floor amendments. Final action on each bill is listed to the right of the title. Various categories of final action are abbreviated as follows:

These summaries were prepared by the analyst or analysts assigned to the committee. If more detailed information is needed on a bill, contact the committee analyst.

5581LHS

The bill would have directed the Superintendent of Insurance to study methods to free volunteer drivers from fear of liability. It would have directed the Secretary of State to inform medical professionals of existing immunity provisions and to monitor reports of dementia and present a summary of reports of dementia to the 118th Legislature.

COMMITTEE AMENDMENT "A" (H-505), the minority report of the committee, would have required the Secretary of State to develop and distribute forms for reporting visual impairments and to develop and distribute materials to inform medical professionals of the reporting requirement and immunity and confidentiality provisions.

It would have revised the provisions of the bill regarding problem operators and struck the provision for a 2-year license for persons age 75 and older.

It would also have amended the bill to require the Department of Transportation to develop a plan for centrally coordinated information centers and volunteer driver programs rather than requiring implementation of a center and program.

This amendment also would have added a fiscal note to the bill.
