This document is a compilation of the bill summaries prepared by this office for the Joint Standing Committees of the Maine Legislature. The volume is organized alphabetically by committee; within each committee, the summaries are arranged by LD number. A subject index is provided at the beginning of each committee's summaries. The publication, History and Final Disposition of Legislative Documents, is helpful in determining to which committee any particular bill was referred.

In this document, the committee report or reports, the prime sponsor for each bill and the lead co-sponsor in each house if one has been designated are listed below each bill title. All adopted amendments are listed, by paper number, together with the sponsor for floor amendments. Final action on each bill is listed to the right of the title. AMENDMENTS ADOPTED

SUMMARY

This bill would have amended the penalties for violation of election laws to ensure that they are both adequate and consistent with the context of the rest of state law, including the Maine Criminal Code. It would have amended the general penalty section of the Maine Revised Statutes, Title 21-A, restating the crime as a Class E crime.

This bill would have also added the specific intent of adding or removing names on a voting list without the right to do so to affect the other person's eligibility to vote and reduced that crime to a Class D crime.

This bill would have reduced to a Class D crime the act of causing a delay in registration, enrollment or delivery of absentee ballots or absentee ballot applications if done with the intent to prevent a person from voting or to render that person's vote ineffective.

This bill would have made it a crime to use cellular phones and other devices with the intent of affecting the outcome of any election, and would have reclassified impermissible candidate involvement in the absentee ballot process from a Class C crime to a Class D crime.

The bill would have specified that the penalty for forging another's name on an absentee ballot, return envelope or absentee ballot application is a Class C crime.

The bill would have amended the law regarding tampering with or damaging voting devices, ballot cards or other records or equipment, and would have specified that the intent of engaging in those activities had to be to change the outcome of any election.

The bill would have clarified that unless otherwise specified, the penalties established in Title 21-A for violations of the election laws also applied to violations of the municipal election laws in Title 30-A.
