THE JOINT STANDING COMMITTEES**

AUGUST 1995

This document is a compilation of the bill summaries prepared by this office for the Joint Standing Committees of the Maine Legislature. The volume is organized alphabetically by committee; within each committee, the summaries are arranged by LD number. A subject index is provided at the beginning of each committee's summaries. The publication, History and Final Disposition of Legislative Documents, is helpful in determining to which committee any particular bill was referred.

In this document, the committee report or reports, the prime sponsor for each bill and the lead co-sponsor in each house if one has been designated are listed below each bill title. All adopted amendments are listed, by paper number, together with the sponsor for floor amendments. Final action on each bill is listed to the right of the title. Various categories of final action are abbreviated as follows:

COMMITTEE AMENDMENT "A" (S-170), the minority report of the committee, would have clarified that a farm woodland truck registered as a farm truck may only transport forest products harvested on the registered owner's land. It also would have required a farm woodland truck to meet all applicable inspection requirements. This amendment also would have added a fiscal note to the bill.

LD 685 An Act to Facilitate Efficiency of Inspections of Commercial Motor Vehicles ONTP

SPONSOR(S) **COMMITTEE REPORT** **AMENDMENTS ADOPTED**
WINN ONTP

SUMMARY

This bill would have given motor carrier inspectors the authority to stop and weigh commercial motor vehicles without a state police officer being present.

LD 689 An Act to Amend the Law Regulating 53-foot Semitrailers PUBLIC 441

SPONSOR(S) **COMMITTEE REPORT** **AMENDMENTS ADOPTED**
BAILEY OTP-AM H-305

SUMMARY

This bill proposed to repeal the law requiring a permit and the payment of a fee for the operation of a single semitrailer longer than 48 feet but not exceeding 53 feet. The bill also proposed to repeal the requirement of a permit to operate these semitrailers off certain designated routes.

COMMITTEE AMENDMENT "A" (H-305) replaces the original bill. It provides for the operation of a truck tractor and 53-foot semitrailer on a highway network and access system designated by the Commissioner of Transportation. It provides for access to service facilities within 1/2 mile of the network and access system and for access permits to terminals beyond 1/2 mile. It retains the permit system and permit fees. It also adds a fiscal note to the bill.

LD 698 An Act to Direct Additional Funds to the Department of Conservation by Amending the Loon Plate Laws ONTP

SPONSOR(S) **COMMITTEE REPORT** **AMENDMENTS ADOPTED**
SHIAH ONTP

SUMMARY

This bill would have changed current law to ensure that, with the exception of the one-time administrative costs associated with production and initial issuance of environmental registration plates, all proceeds would be devoted to natural resource protection programs.

LD 699 An Act to Amend the Weight Requirement for a Motor Vehicle Traveling on Certain Roads ONTP

SPONSOR(S) **COMMITTEE REPORT** **AMENDMENTS ADOPTED**
PINKHAM ONTP

SUMMARY

Current law prohibits vehicles from traveling over public ways with a gross registered weight that exceeds the weight prescribed by the Department of Transportation. This bill would have deleted the words "gross registered", making the prohibition apply to actual weight of vehicle.
