This document is a compilation of the bill summaries prepared by this office for the Joint Standing Committees of the Maine Legislature. The volume is organized alphabetically by committee; within each committee, the summaries are arranged by LD number. A subject index is provided at the beginning of each committee's summaries. The publication, History and Final Disposition of Legislative Documents, is helpful in determining to which committee any particular bill was referred.

In this document, the committee report or reports, the prime sponsor for each bill and the lead co-sponsor in each house if one has been designated are listed below each bill title. All adopted amendments are listed, by paper number, together with the sponsor for floor amendments. Final action on each bill is listed to the right of the title. SUMMARY

Current law requires each deposit initiator to keep account of all deposits received and deposits reimbursed. On a quarterly basis, each deposit initiator is required to pay to the State one-half of the difference between deposits received and reimbursed. The law appears to require that at the end of each year the State refund the amount of overredemption to a deposit initiator who has paid out more in reimbursements than has been received as deposits. The Treasurer of State, however, has held by rule that only 50% of the overredemption will be returned to deposit initiators. The Treasurer's rationale for limiting the reimbursement to 50% of the minimum deposit is based upon the fact that the State itself has only received 50% of the unclaimed deposits.

This bill repeals the laws relating to unclaimed beverage container deposits.

COMMITTEE AMENDMENT "A" (H-498) phases out the laws relating to unclaimed beverage container deposits, with the exception of laws allowing for any necessary audit and enforcement activity against deposit initiators who failed to meet their prior statutory responsibilities.

This amendment states that reimbursements are to be no greater than 50% of over-redeemed minimum deposits and makes this retroactive by declaring in the Statement of Fact that this was the original intent of the Legislature. The amendment further states that there is no statutory right to any reimbursements for over-redemptions in calendar year 1995.

HOUSE AMENDMENT "A" TO COMMITTEE AMENDMENT "A" (H-639) replaces the fiscal note.

SENATE AMENDMENT "A" TO COMMITTEE AMENDMENT "A" (S-330) requires the Treasurer of State to pay deposit initiators for a maximum of 50% of documented over-redeemed minimum deposits in calendar year 1995, regardless of whether sufficient revenues from deposits collected during calendar year 1995 remain.

This bill was incorporated into House Amendment "A" (H-628) to LD 706 (Current Services Budget).

SUMMARY

Current law prohibits tendering for redemption more than 240 beverage containers if the person making the tender knows that these containers were not purchased in Maine.

This bill lowers this limit to 48 containers and extends the prohibition to having possession of such containers. It also requires that persons tendering more than 240 containers certify that they were purchased in Maine.

COMMITTEE AMENDMENT "A" (H-134) removes the possession and certification components of the bill, leaving the revised limit of 48 containers. It adds a provision that dealers must post a sign indicating that redemption of containers purchased out of state may be against the law.
