ONE HUNDRED SEVENTEENTH LEGISLATURE
SECOND REGULAR SESSION

Summary Of Legislation Before The Joint Standing Committees
June 1996

We are pleased to provide this summary of bills that were considered by the 15 Joint Standing Committees of the Maine Legislature staffed by this office. The document is a compilation of bill summaries which describe each bill, committee amendments and other relevant amendments, as well as the final action taken on the bill. Also included are statistical summaries of bill activity this Session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills handled by the joint standing committees. It is organized alphabetically by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills.

All requirements proposed to take effect on January 1, 1996. The requirements included the following.

1. Plans that designate physicians as primary care providers must designate physicians providing gynecological and obstetrical services as primary care providers.
2. Coverage must be provided for semiannual gynecological examinations and gynecological and obstetrical services required as a result of those exams or as a result of an acute health care condition and pregnancy.
3. Written notice of gynecological and obstetrical service coverage must be provided.

Supplement Insurance Policies

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
CARPENTER LORD	ONTP	

LD 841 was carried over from the First Regular Session. Due to standardization of Medicare supplement policies and community rating reform legislation, annual review and approval of Medicare supplement rates is no longer necessary. As long as no rate increase is requested and the rates meet minimum loss ratio standards, this bill proposed to require filing every year for informational purposes.
