This document is a compilation of the bill summaries prepared by this office for the Joint Standing Committees of the Maine Legislature. S-160**SUMMARY**

This bill requires that creditors that provide mortgage life insurance under group policies offer similar coverage when the group policies are due to be cancelled. It also prevents creditors and insurers from denying continued insurance coverage on the basis of a preexisting physical condition or illness if the condition has arisen since the date of the original mortgage life insurance policy.

COMMITTEE AMENDMENT "A" (S-160) is the majority report and replaces the original bill. The amendment requires specific bold-printed language in policies and certificates of credit life and credit health insurance that indicates the conditions under which a group policy may be terminated and adds a 30-day "free look" provision to all credit life and credit health insurance policies.

COMMITTEE AMENDMENT "B" (S-161) is the minority report and replaces the original bill. The amendment prohibits any requirement of evidence of insurability for existing debtors when a replacement policy is offered after termination of the group policy. The amendment requires specific bold-printed language in policies and certificates of credit life and credit health insurance that indicates the conditions under which a group policy may be terminated and adds a 30-day "free look" provision to all credit life and credit health insurance policies. Committee Amendment "B" was not adopted.
