This document is a compilation of the bill summaries prepared by this office for the Joint Standing Committees of the Maine Legislature. The volume is organized alphabetically by committee; within each committee, the summaries are arranged by LD number. A subject index is provided at the beginning of each committee's summaries. The publication, History and Final Disposition of Legislative Documents, is helpful in determining to which committee any particular bill was referred.

In this document, the committee report or reports, the prime sponsor for each bill and the lead co-sponsor in each house if one has been designated are listed below each bill title. SUMMARY

This bill adds the Madawaska dam site, the Loring Water System and the Loring #3 communications site in Limestone to the definition of "base." This bill gives permanent employees of the authority the option to choose a retirement plan. This bill gives the Loring Development Authority the authority to adopt zoning and land use ordinances for all Loring Air Force Base property. This bill establishes the Loring Development Authority Planning Board. This bill also authorizes the authority to issue bonds with the full faith and credit of the State and raises the bond limit from \$20,000,000 to \$100,000,000.

COMMITTEE AMENDMENT "A" (S-159) makes it clear that the Loring Development Authority must conform to the mandatory shoreland zoning provisions. This amendment also removes the provisions of the bill that allow the authority to issue bonds and require that the authority ask the State to issue any desired bonds.

COMMITTEE REPORT

AMENDMENTS ADOPTED

SUMMARY

Currently, the Board of Dental Examiners is responsible for regulating denturists by rule making.

This bill establishes the Board of Denturists as the regulatory board that has jurisdiction over the licensing of denturists. The bill also eliminates language requiring that denturists practice under the supervision of a licensed dentist on the same premises and eliminates language establishing the liability of the supervising dentist for a denturist's actions.

LD 1314 requires the Board to report to the Committee on this subject by February 1, 1996.
