#### SUMMARY OF LEGISLATION BEFORE THE JOINT STANDING COMMITTEES

#### AUGUST 1995

This document is a compilation of the bill summaries prepared by this office for the Joint Standing Committees of the Maine Legislature. The volume is organized alphabetically by committee; within each committee, the summaries are arranged by LD number. A subject index is provided at the beginning of each committee's summaries. The publication, <u>History and Final Disposition of Legislative Documents</u>, is helpful in determining to which committee any particular bill was referred.

In this document, the committee report or reports, the prime sponsor for each bill and the lead co-sponsor in each house if one has been designated are listed below each bill title. All adopted amendments are listed, by paper number, together with the sponsor for floor amendments. Final action on each bill is listed to the right of the title. Various categories of final action are abbreviated as follows:

#### SUMMARY

This bill proposed to allow any person generating electricity in this state to contract to sell power to a ski resort without thereby becoming a regulated electric utility. Under the bill, an electric utility would have been required to wheel or to provide transmission services between the generator and the ski resort and prohibited from charging more for the service than the direct costs of providing the service.
