COMMITTEE AMENDMENT "A" (S-225) clarifies that a waiver granted to an individual who receives allegedly inaccurate, incomplete or untimely information must be for a period of time sufficient to allow the individual to complete certification requirements. This amendment also identifies alternative methods by which an individual may demonstrate compliance with certification requirements and requires the State Board of Education to adopt rules to further develop those methods.

**SUMMARY**

This bill authorizes the formation of a community school district for grades 7 to 12 for the towns of Mechanic Falls, Minot and Poland. This bill modifies community school district laws to meet the special needs and history in these towns. The community school district will not be created unless it is approved in a referendum vote by the majority of the voters voting at least 2 of the towns.

COMMITTEE AMENDMENT "A" (S-61) makes several technical changes to the bill. This amendment repeals a provision permitting the 3 towns to include costs for books and other materials in their debt service and replaces it with a provision permitting the towns to borrow the funds from the Department of Education's general purpose aid to local schools program and repay the loan, free of interest, over a 5-year period. This amendment changes the date of the referendum from May 3, 1995 to May 6, 1995 and permits the Town of Minot to hold the referendum on that date irrespective of municipal election requirements that might require a later date.

NOTE: The effort to form a 3 town CSD failed at referendum. See LD 1581 for additional information.
