This document is a compilation of the bill summaries prepared by this office for the Joint Standing Committees of the Maine Legislature. The volume is organized alphabetically by committee; within each committee, the summaries are arranged by LD number. A subject index is provided at the beginning of each committee's summaries. The publication, History and Final Disposition of Legislative Documents, is helpful in determining to which committee any particular bill was referred.

In this document, the committee report or reports, the prime sponsor for each bill and the lead co-sponsor in each house if one has been designated are listed below each bill title. AMENDMENTS ADOPTED
S-140

SUMMARY

The bill would have repealed the Salmon Aquaculture Monitoring and Research Fund on July 1, 1995 and required the Commissioner of Marine Resources to review the purposes and adequacy of the fund and report the results of that review to the Legislature.

COMMITTEE AMENDMENT "A" (S-140) requires the Commissioner of Marine Resources to report by March 15, 1996 on the findings of the aquaculture monitoring program and the status of the Salmon Aquaculture Monitoring and Research Fund. That report must include a statement of need for the monitoring program for the 2 years that run from March 15, 1996 to March 15, 1998.

The amendment also changes the repeal date for the Salmon Aquaculture Monitoring and Research Fund to July 1, 1996. The original bill set a date of July 1, 1995.

The amendment also adds a fiscal note. It also strikes the emergency preamble and emergency clause from the bill.
