ONE HUNDRED AND SEVENTEENTH LEGISLATURE FIRST REGULAR SESSION

SUMMARY OF LEGISLATION BEFORE THE JOINT STANDING COMMITTEES

AUGUST 1995

This document is a compilation of the bill summaries prepared by this office for the Joint Standing Committees of the Maine Legislature. The volume is organized alphabetically by committee; within each committee, the summaries are arranged by LD number. A subject index is provided at the beginning of each committee's summaries. The publication, <u>History and Final Disposition of Legislative Documents</u>, is helpful in determining to which committee any particular bill was referred.

In this document, the committee report or reports, the prime sponsor for each bill and the lead co-sponsor in each house if one has been designated are listed below each bill title. All adopted amendments are listed, by paper number, together with the sponsor for floor amendments. Final action on each bill is listed to the right of the title. Various categories of final action are abbreviated as follows:

S-183

SUMMARY

This bill proposed to terminate the Richmond Utilities District and allow the Town of Richmond to acquire the assets and liabilities of the Richmond Utilities District upon voter approval by the inhabitants of the Town of Richmond and a ratification vote by the Trustees of the Richmond Utilities District.

COMMITTEE AMENDMENT "A" (S-183) replaces the bill and amends Private and Special Law 1995, chapter 10 enacted earlier in the First Regular Session of the 117th Legislature (LD 337). That law increased the debt limit of the Richmond Utilities District and made the increase subject to referendum. Under the law, the district had only one opportunity to submit the debt increase for referendum and if it failed, new legislation would be required to authorize subsequent referenda. This amendment allows the district to put the question to referendum more than once. The district must hold the referenda prior to December 15, 1996.

SUMMARY

This bill proposed to require the Public Utilities Commission to investigate the issues associated with the orderly transition to a more competitive market for electricity.

COMMITTEE AMENDMENT "A" (S-251) replaces all the provisions of the resolve and changes the title to reflect the new content of the resolve. The amendment:

- 1. Creates a 2-part study designed to develop plans for an orderly transition to a competitive market for retail purchases and sales of electric energy;
- 2. Creates the Work Group on Electric Industry Restructuring, composed of 18 members, to study the transition and to develop a consensus on as many of the relevant issues as possible;
- 3. Directs the Public Utilities Commission to conduct a study of the transition and to develop at least 2 plans for the transition as follows:
 - A. A plan to achieve full retail market competition for purchases and sales of electric energy by the year 2000; and
