This document is a compilation of the bill summaries prepared by this office for the Joint Standing Committees of the Maine Legislature. The volume is organized alphabetically by committee; within each committee, the summaries are arranged by LD number. A subject index is provided at the beginning of each committee's summaries. The publication, History and Final Disposition of Legislative Documents, is helpful in determining to which committee any particular bill was referred.

In this document, the committee report or reports, the prime sponsor for each bill and the lead co-sponsor in each house if one has been designated are listed below each bill title. SUMMARY

Currently, the courts are required to specify the county jail as the place of incarceration for persons convicted of Class D and E crimes and for other classes of crime for which the sentence is 12 months or less. The Department of Corrections is required to reimburse the jails for those prisoners except that in fiscal years 1991-92, 1992-93, 1993-94 and 1994-95 the obligation for this reimbursement may not exceed the amount appropriated for that purpose. It is required that 30% of the reimbursed funds claimed be used by the county for community corrections programs.

This bill does the following.

1. It prohibits the courts from specifying a jail if the county indicates that the Department of Corrections has not reimbursed it for past costs.
2. It repeals the provision that prohibits reimbursement in excess of appropriations.
3. It provides that the percentage decrease of appropriations to county jail reimbursement from fiscal year 1990-91 to the current year may not be any greater than the decrease in the total appropriations to the Department of Corrections for that time period.
4. It forbids the Department of Corrections from making expenditures from any appropriations until the counties have been reimbursed for jail expenses.
5. It makes the requirement to reimburse the county for jailed prisoners a state mandate under the Constitution of Maine that requires that the State reimburse municipal and county governments for costs incurred to implement a state law.
6. It requires that the obligation to reimburse the county for jail expenses for which funds are not appropriated is to carry forward to subsequent years.
7. It changes the provision that requires that 30% of the funds claimed by the county be used for community corrections to a provision that 30% of the funds due the county be used for that purpose.
