This document is a compilation of the bill summaries prepared by this office for the Joint Standing Committees of the Maine Legislature. The volume is organized alphabetically by committee; within each committee, the summaries are arranged by LD number. A subject index is provided at the beginning of each committee's summaries. The publication, History and Final Disposition of Legislative Documents, is helpful in determining to which committee any particular bill was referred.

In this document, the committee report or reports, the prime sponsor for each bill and the lead co-sponsor in each house if one has been designated are listed below each bill title. All adopted amendments are listed, by paper number, together with the sponsor for floor amendments. Final action on each bill is listed to the right of the title. Various categories of final action are abbreviated as follows:

SUMMARY

This bill establishes minimum qualifications for candidates for election or appointment to the office of county sheriff. These requirements are consistent with standards set by the Maine Criminal Justice Academy for certification as a law enforcement executive. Persons serving in the office of sheriff on the effective date of enactment would be "grandfathered," or deemed to meet these minimum qualifications.

SUMMARY

This bill revises agency rule-making procedures to require legislative review and approval of each agency rule before it is finally adopted and implemented by the agency. Just prior to final adoption, each agency rule must be submitted to the appropriate legislative joint standing committee for review. Following review, the committee submits a report to the full Legislature, which must then enact authorizing legislation before final adoption and implementation by the agency may occur. The bill also defines any agency meeting held to receive public comment on a proposed agency rule as a public hearing. Any such meeting, whatever it is called by the agency, is subject to the public hearing requirements of the Maine Administrative Procedure Act.

COMMITTEE AMENDMENT "A" (H-584) replaces the bill. It amends the Administrative Procedure Act to provide for greater legislative oversight of certain new agency rules. Rules adopted pursuant to authorizing legislation enacted after January 1, 1996 are divided into 2 categories, routine technical and major substantive. Any rules authorized in the future will be assigned to a category in the authorizing legislation. Routine technical rules are subject to current rule-making requirements. The most significant or controversial type of rule, major substantive, is subject to a higher level of legislative scrutiny. Proposed major substantive rules must be reviewed by the Legislature before they may be implemented by an agency. Following review, the Legislature may enact legislation authorizing final agency adoption of all or part of the rule or overriding the proposed rule. If the Legislature fails to act, the agency may adopt and implement the rule.

COMMITTEE AMENDMENT "B" (H-585) would have replaced the bill. It amends the current legislative review of agency rules law to allow members of the public affected by certain rules to petition the Legislature for review of proposed agency rules. Upon citizen request, the legislative committee of jurisdiction would decide whether to review a proposed rule. Standards for review are set and, if a rule is found to violate those standards, legislation could be introduced to override the rule. The amendment also amends the Maine Administrative Procedure Act in several ways. It reduces the number of forms required to be filed providing notice of proposed rulemaking and increases the information provided to the Legislature at the proposal stage. The amendment requires all agencies to meet with the committee of jurisdiction to review the agency's regulatory agenda and expands the information required to be provided to the Legislature as part of the regulatory agenda. Negotiated rule-making guidelines are incorporated into the Maine Administrative Procedure Act and agencies are encouraged to use those procedures during appropriate rule-making proceedings. The amendment also adds a fiscal note to the bill.
