H-235**SUMMARY**

This bill makes the following changes to the laws governing the Finance Authority of Maine.

Part A repeals the sunset provision that terminated the authority of the Finance Authority of Maine to administer the student financial assistance programs of the Finance Authority of Maine, including the Maine Education Assistance Board. Public Law 1991, chapter 832, section 2 repealed the sunset provision in the Maine Revised Statutes, Title 10, section 1017. The corresponding sunset provision in Title 1, section 2501 was not repealed at that time. The bill makes the repeal of the sunset provision retroactive to June 30, 1992, the date of the repeal of Title 10, section 1017.

Part B corrects erroneous references that were made in Public Law 1993, chapter 722 to clarify that money from the Economic Recovery Program Fund may be used for the Capital Access Program and makes it retroactive to April 20, 1994, the effective date of the original bill.

Part C authorizes telephonic meetings of the members of the Finance Authority of Maine in an emergency situation.

Part D amends the Health Professions Loan Program by creating additional incentives for primary care physicians to practice in this State by increasing the amount of loan forgiveness available.

Part E renames the Blaine House Scholars program the "Teachers for Maine" program and puts additional emphasis on providing loans to students demonstrating academic achievement and provides additional incentives to encourage loan recipients to become teachers. It increases the loan amount available to undergraduate students, recognizing that tuition increases since the program's inception have reduced the portion of a recipient's education expenses paid by the loans.

COMMITTEE AMENDMENT "A" (H-235) makes 2 technical changes to the original bill and modifies the return service requirement by replacing the phrase "each year the individual receives" with "for every 2 years or less that the individual receives."
