ONE HUNDRED AND SEVENTEENTH LEGISLATURE FIRST REGULAR SESSION

SUMMARY OF LEGISLATION BEFORE THE JOINT STANDING COMMITTEES

AUGUST 1995

This document is a compilation of the bill summaries prepared by this office for the Joint Standing Committees of the Maine Legislature. The volume is organized alphabetically by committee; within each committee, the summaries are arranged by LD number. A subject index is provided at the beginning of each committee's summaries. The publication, <u>History and Final Disposition of Legislative Documents</u>, is helpful in determining to which committee any particular bill was referred.

In this document, the committee report or reports, the prime sponsor for each bill and the lead co-sponsor in each house if one has been designated are listed below each bill title. All adopted amendments are listed, by paper number, together with the sponsor for floor amendments. Final action on each bill is listed to the right of the title. Various categories of final action are abbreviated as follows:

S-272

SUMMARY

This bill requires the Department of Human Services, Bureau of Health, to ensure that school buildings meet basic air quality and other health standards similar to the health standards applicable to private business.

COMMITTEE AMENDMENT "A" (S-272) replaces the bill. The amendment reduces the percentage of parents needed to petition for an air quality inspection of a school from 60% to 50% and requires that superintendents notify a citizen requesting an inspection of the process for requesting that inspection. This amendment also adds a fiscal note to the bill.

LD 1211

An Act to Amend the Requirements for School Construction Projects

SUMMARY

This bill amends the school construction laws by:

- 1. Allowing "substantial" restoration, rather than "complete" restoration, to be considered for state funding if it is in lieu of new construction;
- Deleting substantive criteria from the definitions subsection and moving them to the approval criteria subsection as appropriate;
- 3. Allowing consideration of consolidated applications for more than one school construction project if the applicants use a single site and cost savings would result from the consolidation; and
- 4. Amending the design limits to eliminate any board requirements for minimum parcel size if the location is consistent with the town comprehensive plan and other approval criteria are met.
