COMMITTEE AMENDMENT "A" (S-272) replaces the bill. MCCORMICK                                      ONTP

**SUMMARY**

This bill amends the school construction laws by:

1. Allowing "substantial" restoration, rather than "complete" restoration, to be considered for state funding if it is in lieu of new construction;
2. Deleting substantive criteria from the definitions subsection and moving them to the approval criteria subsection as appropriate;
3. Allowing consideration of consolidated applications for more than one school construction project if the applicants use a single site and cost savings would result from the consolidation; and
4. Amending the design limits to eliminate any board requirements for minimum parcel size if the location is consistent with the town comprehensive plan and other approval criteria are met.
