SUMMARY

This bill has been carried over to the second regular session. This bill contains the recommendations of the Special Commission on Governmental Restructuring.

Part A of the bill implements the recommendations of the majority of the Special Commission on Governmental Restructuring regarding the creation of an Office of Advocacy to replace several existing advocacy organizations. The commission's report contains a minority view on this issue.

Part B of the bill establishes the 8-member Public Education Strategic Planning Council. The members of the council are the Chancellor of the University of Maine System, the President of the Maine Technical College System, the President of the Maine Maritime Academy, the Commissioner of Education, one person from each of the boards of trustees of the University of Maine System, the Maine Technical College System and the Maine Maritime Academy and one person who is a member of the State Board of Education. The purpose of the council is to create and maintain a long-term strategic plan for public education in the State and make related funding and policy recommendations to the Legislature.

Part C of the bill reorganizes the Department of Environmental Protection along functional lines, reduces the size of the Board of Environmental Protection from 10 members to 3 members and limits the board's authority to hearing appeals of the license decisions of the Commissioner of Environmental Protection. All other duties formerly vested in the board, including all rule-making activities, all licensing functions and the authority to modify, revoke or suspend licenses are assumed by the commissioner. Part C makes an appeal to the board a prerequisite for the filing of a judicial appeal. Appeals of board decisions may be taken to Superior Court.

Part D of the bill requires the Director of the Bureau of Information Services to ensure that standards for the acquisition of data processing and telecommunications equipment by state agencies optimize the electronic exchange of information and promote interagency telecommunications. Part D also directs the Bureau of General Services, within the Department of Administrative and Financial Services, to develop a plan for the cost-effective consolidation of state-owned facilities using a model that incorporates assessment of cost advantages of owning versus leasing.

Part E of the bill establishes the Maine Cultural Foundation as a nonprofit corporation for the purpose of supporting the State's cultural heritage.
