This document is a compilation of the bill summaries prepared by this office for the Joint Standing Committees of the Maine Legislature. The volume is organized alphabetically by committee; within each committee, the summaries are arranged by LD number. A subject index is provided at the beginning of each committee's summaries. The publication, History and Final Disposition of Legislative Documents, is helpful in determining to which committee any particular bill was referred.

SUMMARY

This bill, based on 1993 Wisconsin legislation, establishes a pilot program in selected counties that changes the State's system of public assistance. It limits cash benefits under the Aid to Families with Dependent Children (AFDC) program to 24 months within a 4-year period, except in certain circumstances and as determined by a case management team. Each recipient of assistance must comply with an employment plan within 30 days of entering the program as a condition of receiving cash benefits. The bill provides waivers to extend medical assistance eligibility and transitional child care for up to 12 months after a family leaves AFDC. Within 2 months of enrollment in the pilot program, those subject to the employment and training program must begin participation in that program. Counties must operate employment and training programs designed to provide participants over the age of 16 with the means to achieve long-term independence from public assistance, including, when appropriate, education.

Persons are subject to the program if one of the following conditions is met:

1. The person resides in a county that has a pilot work-not-welfare program, is receiving, or is the caretaker of a child who is receiving, benefits under the AFDC on January 1, 1997 and has had regularly scheduled reinvestigations after January 1, 1996;
2. The person resides in a pilot county and applies for AFDC for that person or a child dependent on that person on or after January 1, 1997;
3. The person moves to a pilot county on or after January 1, 1997 and at the time of the move the person is receiving, or is the caretaker of a child who is receiving, AFDC benefits; or
4. The person resides in the State in a county other than a pilot county and, within the previous 36 months, had resided in a pilot county and was subject to the work-not-welfare program.
