ONE HUNDRED AND SEVENTEENTH LEGISLATURE FIRST REGULAR SESSION

SUMMARY OF LEGISLATION BEFORE THE JOINT STANDING COMMITTEES

AUGUST 1995

This document is a compilation of the bill summaries prepared by this office for the Joint Standing Committees of the Maine Legislature. The volume is organized alphabetically by committee; within each committee, the summaries are arranged by LD number. A subject index is provided at the beginning of each committee's summaries. The publication, <u>History and Final Disposition of Legislative Documents</u>, is helpful in determining to which committee any particular bill was referred.

In this document, the committee report or reports, the prime sponsor for each bill and the lead co-sponsor in each house if one has been designated are listed below each bill title. All adopted amendments are listed, by paper number, together with the sponsor for floor amendments. Final action on each bill is listed to the right of the title. Various categories of final action are abbreviated as follows:

SUMMARY

The Maine Medical and Hospital Malpractice Joint Underwriting Association issued policies from September 1, 1976 to June 30, 1981. There are no open claims in the Maine Medical and Hospital Malpractice Joint Underwriting Association. This bill ratifies the plan of dissolution approved by the Bureau of Insurance.

COMMITTEE AMENDMENT "A" (S-215) clarifies that the Maine Medical and Hospital Joint Underwriting Association entered into an assumption agreement, and not a purchase and sale agreement, with Healthcare Underwriters Mutual Insurance Company.

SUMMARY

This bill implements some of the recommendations of the Public Health Resource Group's study of medical malpractice liability. The aim of the bill is to provide stronger regulatory oversight of those companies providing greater than 10% of the medical malpractice insurance in Maine. The bill rejects the "file and use" rating system allowed for most insurance products and institutes a mandatory hearing process for rate filings in this area. It also directs the Superintendent of Insurance to consider the cost-efficiency and investment income of those insurance companies in determining maximum rates. The superintendent is also required to develop an investment income model, the projections of which must be substantially met by the insurance company before a filing may be approved. Finally, the superintendent is directed to develop and conduct a study of closed claims in this area so that a sufficient data base of information will be available for future review of insurance costs and investment and reserving practices.

COMMITTEE AMENDMENT "A" (S-186) is the minority report of the committee and replaces the original bill. The amendment directs the Superintendent of Insurance to develop and conduct a study of closed claims for medical malpractice in the State. The amendment also adds an allocation section and a fiscal note. Committee Amendment "A" was not adopted.
