COMMITTEE AMENDMENT "A" (H-556) replaces the bill. It clarifies certain definitions in the Lead Poisoning Control Act. It expands the focus of the Act from protecting children to protecting the public as a whole. It limits the award of damages in nondeliberate cases for all losses except medical care and treatment involving lead poisoning to \$750,000. This provision is repealed April 15, 1996. It establishes guidelines for essential maintenance practices for all owners of dwellings rented for residential purposes, residential child-care facilities and preschool facilities constructed prior to 1978.

SUMMARY

This bill enacts a number of provisions to promote appropriate treatment for seriously mentally ill individuals who come in contact with the criminal justice system, specifically with the correctional system.

1. It prohibits the detention of mentally ill individuals in correctional facilities unless they have been formally charged with a crime.
2. It requires hospitalization for treatment for seriously mentally ill individuals who are incarcerated and establishes procedures for hospitalization and release.
3. It requires all community correctional facilities to establish committees to address the needs of mentally ill individuals in their facilities.
4. It requires the Department of Mental Health and Mental Retardation, in cooperation with other agencies, to develop a strategy for diverting seriously mentally ill individuals from the correctional system.
5. It requires community providers of mental health services, as a condition of receiving state grants, to develop cooperative plans with local correctional facilities and law enforcement authorities to serve the needs of the mentally ill individuals they serve.

COMMITTEE AMENDMENT "A" (H-554) replaces the bill. It clarifies language in the bill. The amendment deletes section 2 of the original bill, which would have required the creation of mental health committees in community correctional facilities. It requires the following additional entities to participate in development of a comprehensive state strategy to prevent incarceration of the seriously mentally ill: providers of inpatient mental health services, advocates for consumers of mental health services, sheriffs' departments, local law enforcement agencies, the Office of Substance Abuse and the Department of Public Safety. It declares ineligible for state funding for mental health services those providers of mental health services that do not participate in the development of plans to serve the population with serious mental illness.
