AUGUST 1995

This document is a compilation of the bill summaries prepared by this office for the Joint Standing Committees of the Maine Legislature. The volume is organized alphabetically by committee; within each committee, the summaries are arranged by LD number. A subject index is provided at the beginning of each committee's summaries. The publication, History and Final Disposition of Legislative Documents, is helpful in determining to which committee any particular bill was referred.

In this document, the committee report or reports, the prime sponsor for each bill and the lead co-sponsor in each house if one has been designated are listed below each bill title. All adopted amendments are listed, by paper number, together with the sponsor for floor amendments. Final action on each bill is listed to the right of the title. Various categories of final action are abbreviated as follows:

<i>CARRIED OVER</i>	<i>Bill carried over to Second Session</i>

SUMMARY

This bill provides specific requirements for the collection and disclosure of pertinent information concerning a child to be placed for adoption.

COMMITTEE AMENDMENT "A" (H-596) is the Majority Report. It replaces the bill. Current law requires the Department of Human Services and licensed child placing agencies to obtain medical and genetic information on the birth parents and a child to be placed for adoption. This amendment retains that requirement, expands its application to any person who assists in placing a child for adoption and also requires the department, agencies and persons assisting in placing children for adoption to attempt to collect more information about the child and the birth parents. The information to be sought is spelled out specifically. The information collected must be disclosed to the prospective adoptive parents before the adoption is finalized.

If the collector of the information has specific, articulable reasons to question the truth or accuracy of the information, those concerns must be noted in writing and provided to the adoptive parents or prospective adoptive parents. If the information is not available because the records were not available or because the birth parents did not cooperate in providing information, that must be disclosed to the prospective adoptive parents as well.

The information collected must be filed with the Probate Court and made available to the prospective adoptive parents before the adoption is finalized.
