LD 1567 An Act to Facilitate Sewer and Water Main Extensions CARRIED OVER

SPONSOR(S) COMMITTEE REPORT AMENDMENTS ADOPTED

SUMMARY

Current law requires, prior to constructing an extension, that a sewer district obtain assurance from the municipality through which the extension will pass that the extension and the user of the extension are in conformance with the municipality's plans and ordinances. Notice of the proposed extension must be published in a newspaper of general circulation.

This bill proposes to repeal those requirements and instead to require the sewer district to consult with the municipality to determine compliance. This bill also proposes to require the licensing authority to obtain a bond from a private installer of a sewer or water line.
