This document is a compilation of the bill summaries prepared by this office for the Joint Standing Committees of the Maine Legislature. The volume is organized alphabetically by committee; within each committee, the summaries are arranged by LD number. A subject index is provided at the beginning of each committee's summaries. The publication, History and Final Disposition of Legislative Documents, is helpful in determining to which committee any particular bill was referred.

In this document, the committee report or reports, the prime sponsor for each bill and the lead co-sponsor in each house if one has been designated are listed below each bill title. All adopted amendments are listed, by paper number, together with the sponsor for floor amendments. Final action on each bill is listed to the right of the title. Various categories of final action are abbreviated as follows:

AMENDMENTS ADOPTED
S-295

SUMMARY

This bill amends the laws governing business entities in several ways to make the laws consistent and easier to administer.

COMMITTEE AMENDMENT "A" (S-295) clarifies language contained in the original bill.

The Secretary of State may accept for filing a letter explaining the franchise relationship between the entity controlling the corporation mark or name and the corporation attempting to file to use that name or mark to transact business in the State. The Secretary of State will not charge a fee for filing the letter. This is consistent with the bill and with current law. This amendment also deletes a reference to a franchise relationship existing "per se."

This amendment clarifies when and how the articles of a nonprofit corporation may be amended before it is actually incorporated.

This amendment revises the language allowing a limited liability company to choose to not limit the liability of its members. This may be preferable based on the tax consequences of other organizational choices of the limited liability company. The procedure allowing this choice does not preclude a member of the limited liability company from voluntarily acting as guarantor or surety, providing collateral or otherwise assuming responsibility for debts, obligations and liabilities of the limited liability company.
