FIRST SPECIAL SESSION

Summary Of Legislation Before The Joint Standing Committees
June 1996

We are pleased to provide this summary of bills that were considered by the 15 Joint Standing Committees of the Maine Legislature staffed by this office. The document is a compilation of bill summaries which describe each bill, committee amendments and other relevant amendments, as well as the final action taken on the bill. Also included are statistical summaries of bill activity this Session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills handled by the joint standing committees. It is organized alphabetically by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills.

Amendments Adopted
H-679

LD 1590 was referred to the Joint Standing Committee on Appropriations and Financial Affairs. The bill proposed to correct an inadvertent error in Public Law 1995, chapter 368, which prohibited the Department of Human Services from adopting rules implementing changes in the hospital assessment program. It would have allowed the department to establish new rules. In recognition of the transfer of responsibilities from the Maine Health Care Finance Commission to the Department of Human Services, references to the former are replaced by references to the latter. Because it is no longer necessary, the bill also repealed a provision in Public Law 1995, chapter 368, which required the department to uniformly reduce assessments by January 1, 1996 in the event a waiver from the Federal Government was not obtained.

Committee Amendment "A" (H-679) proposed to make the bill an emergency measure. The amendment removed the provisions that do not directly pertain to collecting the hospital assessment at existing budgeted levels. It also repealed the provision that restricted rulemaking concerning the establishment of gross patient service revenue limits.

Enacted law summary

Public Law 1995, chapter 503 corrects an inadvertent error in Public Law 1995, chapter 368, which prohibited the Department of Human Services from adopting rules implementing changes in the hospital assessment program. It allows the department to establish new rules. In recognition of the transfer of responsibilities from the Maine Health Care Finance Commission to the Department of Human Services, references to the former are replaced by references to the latter. Because it is no longer necessary, Chapter 503 repeals a provision in Public Law 1995, chapter 368, which required the department to uniformly reduce assessments by January 1, 1996 in the event a waiver from the Federal Government was not obtained.

Chapter 503 was enacted as an emergency measure effective December 1, 1995.
