***Summary Of Legislation Before The Joint Standing Committees
June 1996***

We are pleased to provide this summary of bills that were considered by the 15 Joint Standing Committees of the Maine Legislature staffed by this office. The document is a compilation of bill summaries which describe each bill, committee amendments and other relevant amendments, as well as the final action taken on the bill. Also included are statistical summaries of bill activity this Session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills handled by the joint standing committees. It is organized alphabetically by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills.

Amendments Adopted
S-426

LD 1719 proposed to accurately reflect the legislative intent of Senate Amendment "F" to Committee Amendment "A" to LD 1589, which was enacted into law as Public Law 1995, chapter 502. The statement of fact to that amendment indicated that the intention of the amendment was to incorporate 2 other Senate amendments that were in conflict. This bill proposed to include sections that Senate Amendment "F" to Committee Amendment "A" inadvertently omitted. These sections proposed to repeal the State Soil and Water Conservation Commission, which assists soil and water conservation districts throughout the state. The sections propose to transfer the duties of the commission to the Department of Agriculture, Food and Rural Resources and create the State Conservation District Advisory Council to advise the Commissioner of Agriculture, Food and Rural Resources.

Committee Amendment "A" (S-426) proposed to repeal a section of law pertaining to the legal services, executive director and delegation of power of the State Soil and Water Conservation Commission. It also proposed to reorganize language in the bill concerning the State Conservation District Advisory Council and the duties of the Department of Agriculture, Food and Rural Resources relative to soil and water conservation districts.

Enacted law summary

Public Law 1995, chapter 532 repeals the State Soil and Water Conservation Commission, which assisted soil and water conservation districts throughout the state. The law transfers the duties of the commission to the Department of Agriculture, Food and Rural Resources and it creates the State Conservation District Advisory Council to advise the Commissioner of Agriculture, Food and Rural Resources.

Amendments Adopted
S-504

LD 1725 proposed to clarify the Governor's authority to restrict those activities that are likely to result in forest fires while allowing other lower risk activities that involve fire to continue. The statutory language in effect at the time the bill was presented specifically listed only 2 exemptions from a ban on open fires. The changes proposed in the bill would have allowed the Governor to exempt other activities from a ban provided they were not likely to pose a threat to lives or property.
