***Summary Of Legislation Before The Joint Standing Committees  
June 1996***

We are pleased to provide this summary of bills that were considered by the 15 Joint Standing Committees of the Maine Legislature staffed by this office. The document is a compilation of bill summaries which describe each bill, committee amendments and other relevant amendments, as well as the final action taken on the bill. Also included are statistical summaries of bill activity this Session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills handled by the joint standing committees. It is organized alphabetically by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills.

Final action on each bill is noted to the right of the bill title. The abbreviations used for various categories of final action are as follows:

<i>CARRIED OVER</i> .....	<i>Bill carried over to Second Session</i>

Prelitigation Screening Panels**

RESOLVE 76  
EMERGENCY

Committee Report  
OTP-AM

Amendments Adopted  
H-821

LD 1729, a recommendation of the Health Care Reform Commission created by Public Law 1993, chapter 707, proposed to require the Bureau of Insurance to convene a committee of experts in research methods to design an analysis of the effectiveness of the mandatory prelitigation screening and mediation panels required by the Health Security Act. The Bureau would have been required to collect the data needed for the study and then commission a study to be conducted by experts in medical liability.

**Committee Amendment "A" (H-821)** proposed to replace the resolve entirely but would have retained the objective of conducting a study of the effectiveness of the prelitigation screening panels. The amendment proposed that the Bureau of Insurance provide a summary report to the Legislature on claims data and the panel process over the past 5 years compiled from data currently held by the bureau, the courts and the insurers. The amendment also proposed that the bureau retain a research consultant to analyze the data compiled by the bureau and to make recommendations for the collection of data for future study. The bureau's summary report, the consultant's analysis, the consultant's recommendations and any necessary legislation would be submitted to the Judiciary Committee during the First Regular Session of the 118th Legislature. The amendment would have required the bureau to convene an advisory panel to provide advice on the subject of the study. The amendment also would have added an emergency preamble, an emergency clause, an allocation section and a fiscal note to the resolve.

***Enacted law summary***

Resolve 1995, chapter 76, enacted as an emergency, requires the Bureau of Insurance to provide a summary report to the Legislature on claims data and the panel process over the past 5 years compiled from data currently held by the bureau, the courts and the insurers. The bureau is also required to retain a research consultant to analyze the data compiled by the bureau and to make recommendations for the collection of data for future study. The bureau's summary report, the consultant's analysis, the consultant's recommendations and any necessary legislation must be submitted to the Judiciary Committee during the First Regular Session of the 118th Legislature. The bureau must convene an advisory panel to provide advice on the subject of the study. An allocation section is included to cover the cost of retaining a research consultant.

Resolve 1995, chapter 76 is effective April 8, 1996.
