***Summary Of Legislation Before The Joint Standing Committees
June 1996***

We are pleased to provide this summary of bills that were considered by the 15 Joint Standing Committees of the Maine Legislature staffed by this office. The document is a compilation of bill summaries which describe each bill, committee amendments and other relevant amendments, as well as the final action taken on the bill. Also included are statistical summaries of bill activity this Session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills handled by the joint standing committees. It is organized alphabetically by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills.

LD 1824**An Act Relating to Solid Waste Management**

PUBLIC 588

Sponsors(s)Committee Report
OTP-AMAmendments Adopted
S-481

LD 1824 proposed to make several changes relating to solid waste management reporting and planning and to development of a state-owned solid waste disposal facility.

Current law requires the State Planning Office to revise the state solid waste management and recycling plan every 2 years. This bill proposed to require revision of the plan every 5 years, but to require reporting of data on solid waste generation and management every 2 years. In conjunction with the 5-year revision of the plan, the bill proposed to require the State Planning Office to convene a task force to evaluate the state laws prohibiting licensure of new commercial solid waste disposal facilities and to make recommendations to the Legislature regarding that policy.
